

To Ibsen customers

Farum, August 16, 2011

Certificate of Compliance - RoHS Declaration

This declaration is to certify that the the following list of products supplied by Ibsen are RoHS compliant and thus meet the requirements of the RoHS directive 2011/65/EU:

- All Ibsen Fused silica transmission grating components, including
 - PING gratings
 - PCG gratings
 - Spectrometer gratings
 - Phase masks
 - All of the above in both standard and OEM variants

- All Ibsen spectrometer modules, including
 - I-MON FBS Sensing System Interrogation monitors
 - OEM spectrometers

Specifically we thereby certify that these products do not contain, or do not contain more than the specified limits, of any of the below restricted substances:

- Lead
- Mercury
- Cadmium
- Hexavalent Chromium
- Polybrominated Biphenyls
- Polybrominated Diphenylethers
